8. [redacted] In the absence of Representative Lowell P. Weicker (R., Conn.), president of the 91st Club, spoke with Miss Froelick, who is responsible in his office for handling the meetings of the 91st Club, to make sure that it was understood that we were holding the 4 February breakfast briefing as scheduled. She said that this was their understanding also and explained that pursuant to my conversation with Mr. Weicker on 24 January she had called all freshmen representatives to inform them that the Agency would be scheduling another breakfast briefing and said that on the basis of her call some must have assumed we were calling off the briefing for 4 February.
